Dear Mr. Iams:

As a member of the AMC Scientific and Engineering Council Computer Network Committee, I have been tasked with developing a generalized specification for Remote CRT Terminals that will be used by all AMC Commands.

Since your office has recently let a contract for Remote CRT Terminals, I would appreciate a copy of your RFP, a copy of the final CRT Terminal specification, and the name of an individual in your office that I may contact for technical information about the RFP and specifications.

Sincerely yours,
